LIVINGSTON'S LAWN SEED MIXTURES

LIVINGSTON'S ""CAPITOL" BRAND MIXTURE

The ingredients are the choicest, extra fancy grasses suitable for making a beautiful, durable, lasting lawn. Withstands the intense heat of summer and the hard cold of winter. Contains high percentage of heavy, hardy seeds of perennial grasses with small amount of annual nurse grasses. Makes thick turf of rich, velvety green. Your lawn, once established with "Capitol" brand, lasts for years. Owing to the high-grade seeds used in this mixture, one pound is sufficient to sow 300 sq. feet of new lawn.

LIVINGSTON'S SHADY PLACE MIXTURE

This mixture contains extra fancy heavy weight grasses which are especially adapted to shaded areas where it is difficult to get a stand. Contains high percentage of Chewing's Fescue, the most desirable kind for dense shade.

LIVINGSTON'S "HAVALAWN" MIXTURE

Another quality mixture that we make and can highly recommend to those who want a good lawn at the most reasonable cost. Contains the same kinds of grasses as "CAPITOL" above; will make a durable turf.

LIVINGSTON'S "FANCY MIXED" LAWN SEED MIXTURE

A competitive mixture in price yet a good quality Lawn Seed which will give satisfactory results.
